The Conservative Party and the Conservative Movement in the US consist of the Neocons, the Christian right, and the libertarian right. Some would include the so-called Paleoconservatives a term coined by the Jew Paul Gottfried

**Neocons are ardent Zionists, the Christian Right due to religious links are generally pro Jewish, the libertarians are jew-neutral. What was needed was a co-opting of the white nationalists. That's what the alt-right movement is trying to do.**

Coopt white nationalists and turn them into pro-Jew zombies and destroy anti-Jewish ideas in white nationalists movement by "making Jews white".

*The Washington Post defines the alt-right as "a largely online movement of right-wing ideologies that presents itself as an alternative to mainstream conservatives."*

Yahoo News said the alt-right is rooted in the white nationalist movement of the 1980s and 1990s and that "*it postulates that the culture of white America is under attack, and sees itself as its defender.*"

Wikipedia says The **alt-right** is a loose group of people with far-right ideologies who reject mainstream conservatism in the United States. The writings of the group are largely Internet-based and are found on websites such as 4chan and 8chan. Members of the alt-right use websites like Twitter and Breitbart News to convey their message.

The alt-right has no formal ideology, although various sources have stated that white nationalism is fundamental. The movement has been associated with multiple ideologies from American nationalism, neo-monarchists to men's rights advocates and people who oppose mainstream conservatism.

### ONE OF THE MAIN AIMS OF THE JEW-CONTROLLED ALT RIGHT MOVEMENT IS TO CUT IT OFF FROM ITS CHRISTIAN ROOTS

The leading lights of the so-called Alt Right movement are Paul Gottfried and Richard Spencer

The term Alt right (Alternative Right) was first used in 2008 by Jewish Professor (another in the long line of Jewish “Advisors”) [Paul Gottfried](#) while addressing the H. L. Mencken Club about what he called “*the alternative right*”. Remember it was **Gottfried** the Jew who also coined the term **Paleoconservative**.

It's no coincidence that both the terms coined by the Jewish Professor are so commonly and frequently used by the media.

The term, however, is most commonly attributed to [Richard B. Spencer](#), president of the [National Policy Institute](#) and founder of [Alternative Right](#).

Richard Spencer and gay Jack Donovan

Richard Spencer is rumored to be **gay** and has [twice invited gay weirdo & "White Rights Activist" Jack Donovan](#) to his National Institute Organization Conference. A Google search of Richard Spencer's wife turns up a load of pictures of Spencer with men and more men. Richard Spencer is probably earning top shekels for his role.

Spencer says he “**respects Israel**” and that, in regard to whether the U.S. Embassy should be moved from Tel Aviv to Jerusalem, “*Wherever Israel wants to declare its capital, I would respect that.*” Spencer is **non-committal** over the potential role of American Jewish billionaire **Sheldon Adelson** in advising Trump, and likewise on the active role of Trump’s (Jewish) son-in-law, **Jared Kushner**, in the president-elect’s transition team. “*I don't have a strong position on this, that is his business,*” says Spencer. UNTIMELY OBSERVATIONS

## AN ALLIANCE WITH THE JEWS

RICHARD B. SPENCER · AUGUST 1, 2010

In an older **2010** article called [an Alliance with the Jews](#) he quotes a Serbian White Nationalist [Srđa Trifković](#) to explain why **multiculturalism** sponsored by the likes of the ADL Foxman and Jewish Liberals could **become very bad for the Jews**, who will be viewed by Black and Brown as a particularly annoying version of Whitey.

**Quote**, To put it bluntly, the survival of the West, which is recognizably Christian in spirit and European in genes, is “*objectively*” becoming the optimal survival strategy for the Jewish community as a whole, Israel included. In the postmodern mélange of races, cultures, and cults still desired by the likes of Abraham Foxman, the **narrative of victimhood** and its associated claims will **carry little weight** with the brown, black, and yellow multitudes **blissfully devoid of European self-loathing**, guilt and shame. What Trifkovich (and Spencer) don’t or won’t recognize is the Jews are already working on implanting the Jewish narrative of victim-hood on the browns black and yellow multitudes.

### Spencer then suggests the solution

QUOTE” With the prospect of American politics slipping out of control, and non-Whites commanding nuclear weapons and a massive military arsenal, **Israeli hardliners** **might** much prefer that the **extreme Right was in charge** of things. It (Extreme Right) would extricate the U.S. military from the Middle East, and wouldn’t likely express strong opinions about who wins or who loses in various land disputes in the region. Israelis might learn to prefer such an isolationist regime, which **would give them (Israel) freehand**, as opposed to the ever-meddling Democrats and Republicans. Alliances are about ensuring your survival and defeating your enemies. **Israel’s fruitful relationship with the South African Apartheid government**, which included the sharing of nuclear intelligence and material, should serve as a **model** in this regard. Who knows? **Israeli nationalists** might want to **HELPFINANCE** the **far Right** in Europe and North America. Certainly, if the two camps could grasp that their interests are complementary, an improbable grand alliance might be in the cards.” ENDQUOTE

By 2016 it seems All Judaan’s did start sponsoring the likes of Spencer. Its media did hype him. Spencer’s use is not as some white knight of the White Nationalist movement but as yet another **useful dupe** to the greater Jew cause of **scaring Jewish liberals** at the risk of melting into the American melting pot turn back into the Jewish fold to continue being the same racist “*stiff-necked people*”.

Another leading light of the Alt-Right movement is **Jared Taylor** who is the founder and editor of American Renaissance. Taylor is also an author and the president of American Renaissance's parent organization, New Century Foundation, through which many of his books have been published. He is a former member of the advisory board of The Occidental Quarterly, and a former director of the National Policy Institute, a Virginia-based white nationalist think tank. He is married/living with a woman named Evelyn Rich who some say is Jewish and who went to the extraordinary extent of **publishing a letter** in the Jew-dominated Southern Poverty Law Center SPLC explaining that she wasn't Jewish.

Now why a supposed hate tracking group like SPLC would publish a letter by the wife/partner of a supposed anti-Semitic racist is something only the SPLC can answer.

Taylor's views on Jews are clearly spelled out in his magazine American Review:

"I started American Renaissance 17 years ago in order to awaken whites to the crisis they face and to encourage them to unite in defending their legitimate interests as a race."

To put it more accurately, AR has taken an implicit position on Jews by publishing Jewish authors and inviting Jewish speakers to AR conferences. It should be clear to anyone that Jews have, from the outset, been welcome and equal participants in our efforts.

**OF THE ALT RIGHT CO-FOUNDERS PAUL GOTTFRIED IS JEWISH, RICHARD SPENCER IS A GAY FRONT AND JARED TAYLOR BELIEVES JEWS ARE WELCOME AND EQUAL PARTICIPANTS IN "OUR EFFORTS".**

The leading media outlet for the Alt-Right movement is Breitbart News. Breitbart was founded by Jew Andrew Breitbart and these were his motives for starting the website.

---

## Creation in 2005

Andrew Breitbart launched breitbart.com as a news aggregator in 2005. The website featured direct links to wire stories at the Associated Press, Reuters, Fox News, the *New York Post*, TMZ as well as a number of other outlets. The website's initial growth was largely fueled by links from the *Drudge Report*. In 2007, Breitbart launched a video blog, Breitbart.tv.<sup>[15][16]</sup>

During a stay in Israel, Breitbart conceived of the idea of founding Breitbart News Network, with "the aim of starting a site that would be unapologetically pro-freedom and pro-Israel. We were sick of the anti- Israel bias of the mainstream media and J-Street."<sup>[19]</sup>

Co-founder and owner of Breitbart, Larry Solov writes:

“ One night in Jerusalem, when we were getting ready for dinner, Andrew turned to me and asked if I would de-partner from the 800-person law firm where I was practicing and become business partners with him. He said he needed my help to create a media company. He needed my help to “change the world”... We were blown away by the spirit, tenacity, and resourcefulness of the Israeli people on that trip. Andrew could be quite convincing, not to mention inspiring, and I decided right there and then to “throw away” (my Mom’s phrase) a perfectly good, successful and safe career in order to start a “new media” company with Andrew Breitbart. ”<sup>[9]</sup>

”

Here's Breitbart **describing itself** pictorially

Its CEO **Larry Solov** and Editor in Chief **Joel Pollak** are both **Jewish** Israel Firsters.

Stephen Bannon its former CEO who had previously worked in **Goldman Sachs** was chosen by Trump as his “*Strategic Advisor*”.

Jewish talking heads complained loudly about Trump choosing another “anti –Semite”.

Which would be a good time to put up this old Jewish Telegraph Agency tweet about Bannon:

Stephen Bannon in 2014: Racism will get ‘washed out’ of nationalist right [bit.ly/2fTgqlh](http://bit.ly/2fTgqlh)

The article the tweet links to says QUOTE Stephen Bannon said in 2014 that racism would eventually get “**washed out**” of right-wing nationalist movements and spoke repeatedly of Western society being built on “*Judeo-Christian*” ideas. In a question-and-answer session he gave at a conference at the Vatican in 2014 that was unearthed by BuzzFeed News, Bannon downplayed concerns of anti-Semitism and racism in European right-wing nationalist parties, suggesting that bigots were on the fringes of those movements and would fade away.

Two of the Alt-Right and Breitbart’s star’s Milo Yiannopoulos and Mike Cernovich are **Jewish** despite Wikipedia trying to cover up Cernovich’s Jewishness. Milo also happens to be gay (Someone at Breitbart let love bloom and lock up Milo, Richard Spencer and Jack Donovan in a room). More Breitbart regulars include the professional Islamophobes, Jews **David Horowitz** and **Pamela Geller**

I'm Jewish actually. Check your privilege.

The whole plan seems to be to infiltrate and reduce the White Nationalist movement into a rabid Black, Arab and Muslim hating bunch of thugs while “liberal” Jews will go on “helping” these groups with Open Borders refugee-friendly policies etc.

All the while paid Jew shills will indulge in silly childish Jew baiting in the cyber and real world, the Jew media will howl in righteous indignation about the rise of “Anti-Semitism”.

**AS THAT FAMOUS JEW LENIN (BLANCK) SAID “THE BEST WAY TO CONTROL THE OPPOSITION (AMERICAN NATIONALISTS ) IS TO LEAD IT OURSELVES”.**
